Tracks and Themes

ISDRS 2023 Core Themes and Tracks

The Malaysia conference will feature the traditional themes and tracks of previous ISDRS conferences with a special topic to serve as the main thread of discussion in both plenary and breakout sessions relating to Sustainable Development.

2023 marks the midway of Agenda 2030. The 29th ISDRS Conference will provide a platform from researcher and practitioners to assess the SDG after seven and half years running. They will also provide suggestion for solution and perspective on how to achieve SDG by the end of 2030. In this respect, assessment must be made on different ways and strategies to balance the 5P of SDG: Planet, People, Prosperity, Peace, and Partnership. The conference will be conducted on site and online, allowing more participants with travelling or other restrictions to join the event.

NOTE: The Track Chairs mentioned in the linked pages below will be updated when they are confirmed.

Track & Theme page will appear. Scroll down to choose the sub-track
